SAFETY DATA SHEET

Product Identifier: Advanta™ FFPE RNA Extraction Kit, 50 reactions
Catalog ID numbers: Cat# 101-6773, 101-6449, 101-6721
SDS ID: 101-7022 Revision A2

SECTION 1 - IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Contact information

General
Fluidigm Corporation
7000 Shoreline Court Suite 100, South San Francisco, CA 94080
Main (U.S.): +1 (650) 266-6000
E-mail: techsupport@fluidigm.com

Emergency telephone number
+ (650) 266-6100 (outside US)
+ (866) 358-3854 (toll free)

Product identifier
Advanta™ FFPE RNA Extraction Kit, 50 reactions

Synonyms
None identified

Trade names
None identified

Chemical family
Mixture

Relevant identified uses of the substance or mixture and uses advised against
For Research Use Only. Not for use of diagnostic procedures

Note
This SDS is written to address potential health and safety issues associated with the handling of the formulated product.

SECTION 2 - HAZARDS IDENTIFICATION

This product contains nine (9) parts. The following provides the hazard classification for each part.

Part 1: RNA Enhancer (Part #: 101-6443)

Classification of the substance or mixture

Globally Harmonized System [GHS]
Irritant (skin) - Category 2. Irritant (eye) - Category 2.

Label elements

GHS hazard pictogram

GHS signal word
Warning

GHS hazard statements
H315 - Causes skin irritation. H319 - Causes serious eye irritation.

GHS precautionary statements
P264 - Wash hands thoroughly after handling. P280 - Wear protective gloves/eye protection/face protection. P302 + P352 - IF ON SKIN: Wash with plenty of soap and water. P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P321 - Specific treatment (see First Aid information on product label and/or Section 4 of the SDS). P332 + P313 - IF skin irritation occurs: Get medical advice/attention. P337 + P313 - IF eye irritation persists: Get medical advice/attention. P362 - Take off contaminated clothing and wash before reuse.

Other hazards
Contains sodium dodecyl sulfate. May cause eye/skin irritation. Part/mixture not yet fully tested.
SAFETY DATA SHEET

Product Identifier: Advanta™ FFPE RNA Extraction Kit, 50 reactions
Catalog ID numbers: Cat# 101-6773, 101-6449, 101-6721

Note
This mixture is classified as hazardous under GHS as implemented by Regulation EC No 1272/2008 (EU CLP), WHMIS 2015 (Health Canada), and Hazard Communication Standard No. 1910.1200 (US OSHA). The pharmacological, toxicological and ecological properties of this mixture have not been fully characterized.

Part description and number

GHS Hazard Classification

Part 2: FFPE Extraction Buffer (101-6441) None required.
Part 3: FFPE Purification Reagent (101-6442) None required.
Part 4: DNase Buffer (10x) (101-6444) None required.
Part 5: EDTA (50 mM) (101-6445) None required.
Part 6: DNase I (2 units/µL) (101-6446) None required.
Part 7: Proteinase K (800 units/mL) (101-6447) None required.
Part 8: AMPure XP beads, 5 mL (101-5998) None required.
Part 9: Dilution Reagent (100-8725) None required.

Other hazards
May cause eye/skin irritation. Part/mixture not yet fully tested.

Note
Parts 2-9 are not classified as hazardous according to Regulation EC No 1272/2008 (EU CLP), WHMIS 2015 (Health Canada), and Hazard Communication Standard No. 1910.1200 (US OSHA). The pharmacological, toxicological and ecological properties of this mixture have not been fully characterized.

SECTION 3 - COMPOSITION/INFORMATION ON INGREDIENTS

Part 1: RNA Enhancer (Part #: 101-6443)

<table>

SECTION 4 - FIRST AID MEASURES

Description of first aid measures

Immediate Medical Attention Needed
No

Eye Contact
If irritation occurs or persists, notify medical personnel and supervisor.

Skin Contact
Wash exposed area with soap and water and remove contaminated clothing/shoes. If irritation occurs or persists, notify medical personnel and supervisor.

Inhalation
In case of accidental inhalation, move exposed subject to fresh air. If signs/symptoms occur of if concerned, get medical attention.

Ingestion
If signs/symptoms occur, get medical attention.

Protection of first aid responders
See Section 8 for Exposure Controls/Personal Protection recommendations.

Most important symptoms and effects, both acute and delayed
See Sections 2 and 11.

Indication of immediate medical attention and special treatment needed, if necessary
Medical conditions aggravated by exposure: None known or reported. Treat symptomatically and supportively.

SECTION 5 - FIREFIGHTING MEASURES

Extinguishing media
Use water spray (fog), foam, dry powder, or carbon dioxide, as appropriate for surrounding fire and materials.

Specific hazards arising from the substance or mixture
No information identified. May emit carbon monoxide, carbon dioxide, oxides of nitrogen, oxides of sulfur, and other sulfur- and phosphorus-containing compounds.

Flammability/Explosivity
As parts of the kit are an aqueous solution, it is not expected to be flammable or explosive.

Advice for firefighters
Wear full protective clothing and a self-contained breathing apparatus with a full facepiece operated in the pressure demand or other positive pressure mode. Decontaminate all equipment after use.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures
If product is released or spilled, take proper precautions to minimize exposure by using appropriate personal protective equipment (see Section 8). Area should be adequately ventilated. Do not breathe mist/vapors/spray.

Environmental precautions
Do not empty into drains. Avoid release to the environment.

Methods and material for containment and cleaning up
If vials are crushed or broken, DO NOT CAUSE MATERIAL TO BECOME AIRBORNE. For small spills, soak up material with absorbent, e.g., paper towels. For large spills, cordon off spill area and minimize the spreading of spilled material. Soak up material with absorbent. Collect spilled material, absorbent, and rinse water into suitable containers for proper disposal in accordance with applicable waste disposal regulations (see Section 13). Decontaminate the area twice.

Reference to other sections
See Sections 8 and 13 for more information.
SECTION 7 - HANDLING AND STORAGE

Precautions for safe handling
Wear appropriate protective equipment when handling. Avoid breathing dust/mist/ spray.

Conditions for safe storage including any incompatibilities
Keep from contact with clothing and other combustible materials. Store at 2-8°C in tightly closed container. Avoid strong oxidizers. Store in sealed containers that are appropriately labeled. Do not store in metal or glass containers. Do not store in direct sunlight. Do not store near organic substances.

Specific end use(s)
No information identified.

SECTION 8 - EXPOSURE CONTROLS/PERSONAL PROTECTION

Note
Dispose of broken vials/syringes in a sharps container.

Control Parameters/Occupational Exposure Limit Values

<table>

</tbody>
</table>

Exposure/Engineering controls
None required for normal handling of packaged product. Selection and use of containment devices and personal protective equipment should be based on a risk assessment of exposure potential. Use local exhaust and/or enclosure at aerosol/ mist-generating points. Use engineered local exhaust ventilation (LEV) and/or enclosure for procedures where aerosolization may occur such as opened transfers, pumping, and spraying. Solutions can be handled outside a containment system or without LEV during procedures with no potential for aerosolization. All containers for solutions and slurries must be covered while being transferred.

Respiratory protection
None required for normal handling of packaged product. If vials are crushed or broken:
Choice of respiratory protection should be appropriate to the task and the level of existing engineering controls. Choice of respiratory protection should be appropriate to the task and the level of existing engineering controls. At a minimum, a tight-fitting full-face respirator with HEPA filters is required when performing aerosol generating operations. A powered air-purifying respirator (PAPR) with HEPA filters and head cover is required for spill cleanup.

Hand protection
Wear nitrile or other impervious gloves if skin contact is possible. When the material is dissolved or suspended in an organic solvent, wear gloves that provide protection against the solvent.

Skin protection
Wear appropriate gloves, lab coat, or other protective overgarment if skin contact is likely. Base the choice of skin protection on the job activity, potential for skin contact and solvents and reagents in use.

Eye/face protection
Wear safety glasses with side shields, chemical splash goggles, or full face shield, if necessary. Base the choice of protection on the job activity and potential for contact with eyes or face. An emergency eye wash station should be available.

Environmental Exposure Controls
Avoid release to the environment and operate within closed systems wherever practicable. Air and liquid emissions should be directed to appropriate pollution control devices. In case of spill, do not release to drains. Implement appropriate and effective emergency response procedures to prevent release or spread of contamination and to prevent inadvertent contact by personnel.

Other protective measures
Wash hands in the event of contact with this product/mixture, especially before eating, drinking or smoking. Protective equipment is not to be worn outside the work area (e.g., in common areas or out-of-doors).
### SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

### OTHER INFORMATION

- **Molecular weight**: Not applicable (Mixture)
- **Molecular formula**: Not applicable (Mixture)

### SECTION 10 - STABILITY AND REACTIVITY

- **Reactivity**: No information identified.
- **Chemical stability**: Stable under normal handling and storage conditions.
- **Possibility of hazardous reactions**: No information identified.
SAFETY DATA SHEET

Product Identifier: Advanta™ FFPE RNA Extraction Kit, 50 reactions
Catalog ID numbers: Cat# 101-6773, 101-6449, 101-6721

Conditions to avoid Keep away from incompatible materials.

Incompatible materials No information identified.

Hazardous decomposition products No information identified.

SECTION 11 - TOXICOLOGICAL INFORMATION

Note No data were identified for the product/mixture. The following information is for the individual hazardous ingredients contained in some parts of the kit.

Information on toxicological effects

Route of entry May be absorbed by inhalation, skin contact and ingestion.

Acute toxicity

Irritation/Corrosion Sodium dodecyl sulfate was irritating to rabbit eyes and skin. Irritation of the skin and respiratory system was reported in humans.

Sensitization No studies identified.

STOT-single exposure No studies identified.

STOT-repeated exposure/Repeat-dose toxicity No studies identified.

Reproductive toxicity No studies identified.

Developmental toxicity No studies identified.

Genotoxicity No studies identified.

Carcinogenicity No studies identified. The ingredients in this mixture are not listed by NTP, IARC, ACGIH or OSHA as a carcinogen.

Aspiration hazard No data available.

Human health data See Section 2 - "Other hazards"

SAFETY DATA SHEET

Product Identifier: Advanta™ FFPE RNA Extraction Kit, 50 reactions
Catalog ID numbers: Cat# 101-6773, 101-6449, 101-6721

Results of PBT and vPvB assessment
Not performed.

Other adverse effects
No data identified.

Note
The environmental characteristics of this product/mixture have not been fully investigated. Releases to the environment should be avoided.

SECTION 13 - DISPOSAL CONSIDERATIONS

Waste treatment methods
Dispose of wastes in accordance to prescribed federal, state, and local guidelines, e.g., appropriately permitted chemical waste incinerator. Do not send down the drain or flush down the toilet. All wastes containing the material should be properly labeled. Rinse waters resulting from spill cleanups should be discharged in an environmentally safe manner, e.g., appropriately permitted municipal or on-site wastewater treatment facility.

SECTION 14 - TRANSPORT INFORMATION

Transport
Based on the available data, this product/mixture is not regulated as a hazardous material/dangerous good under EU ADR/RID, US DOT, Canada TDG, IATA, or IMDG.

UN number
None assigned.

UN proper shipping name
None assigned.

Transport hazard classes and packing group
None assigned.

Environmental hazards
Based on the available data, this product/mixture is not regulated as an environmental hazard or a marine pollutant.

Special precautions for users
Due to lack of data, avoid release to the environment.

Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
Not applicable.

Hazardchem Code/HIN
None assigned.

SECTION 15 - REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture
This SDS generally complies with the requirements listed under current guidelines in the US, EU and Canada. Consult your local/regional authorities for more information.

Chemical safety assessment
Not conducted.

TSCA status
Sodium dodecyl sulfate is listed. The remaining components of this product/mixture are not listed.

SARA section 313
Not listed.

California proposition 65
Not listed.

Component Analysis - State
The components of this product/mixture are not listed

Component Analysis – Chemical Inventory
Sodium dodecyl sulfate is listed in the chemical inventory of the following countries: Australia, Canada, China, EU, Mexico, New Zealand, the Philippines, and Vietnam

Additional information
No other information identified.
